Memo.

About June 1892 one Syed Mohideen a Mussalman merchant of Channapatna began to construct at his own cost, a Masjid in close proximity of a main road in the Fort of Channapatna. But on the representation of the Parpattegar of Varadarajaswami temple that the road was one through which the Temple processions accompanied by music are usually taken, the Deputy Amildar issued a notice on the 5th July 1892 to Syed Mohideen warning him not to proceed with the work until a special permission therefor has been obtained from the Deputy Commissioner. The work was accordingly stopped.

2. Upon this there were petitions both from the Hindus and the Mohomedans to the Deputy Commissioner on the subject who referred them all to the Sub-Division Officer Cosepet for disposal, with the observation that, there was no objection to the construction of the mosque and that if it were a new one it could not have the privilege of stoppage of music before it. The Sub-Division Officer after instituting an enquiry passed the following order on the 23rd September 1892:
"The Petitioner is

a new Masjid in the Fort. The Deputy Amildar served on him a notice to stop the work, as there would be a clash when Hindu processions pass by it. The Government order that the new Masjids have no right to stop the playing of music passing in the street by the Masjid has been duly communicated to the Petitioner. Now he says that he has no wish that the playing of music should be stopped before the Masjid which he is going to erect. The Deputy Commissioner's order on the petition dated 14th July has also been communicated to the Petitioner. He may build the Masjid but he will not be entitled to have music accompanying Hindu processions stopped before the Masjid??

3. The Sub-Division Officer submitted a further report on the subject to the Deputy Commissioner on the 16th October 1892 which runs thus:-

(1)st This morning I inspected the site at Channapatna Fort where a new Masjid is to be built. Foundations have been laid up for the building. It is situated in the main street where the

Car

car procession of the Temple takes place and amidst houses belonging to the Hindus"

(2) "At the time of my inspection a few Mohomedans who were present on the site said that there was an old Masjid on the site and that they were entitled to the play of music being stopped in front of the new Masjid. This claim is altogether unfounded. The statement of Syed Mohideen who is erecting the Masjid is annexed for information. There had been an old Ashurkhana at the place and not a Masjid. At no time music had been stopped while passing by the Ashurkhana."

(3.) "The Government order that the playing of music will not be stopped before the new Masjid in question has been duly communicated to the Hindus as well as the Mohomedans as the Deputy Amildar reports, by beat of Tom Tom and by written notices, but the Mohomedans appear to have refused the written notice. The refused notice with the Amildar's report is herewith submitted."

(4) "The erection of the building is allowed on the distinct understanding that the Mohomedans will not be entitled to interfere

in any way with the Temple processions passing by the new building. The Police will watch their future conduct and legal steps will be taken if necessary."

4. The above order was concurred in by the Deputy Commissioner Mr. Mir Shujayet Ali.

5. Meanwhile a Petition was received in the Muzrai Department of the Dewan's Office from the merchants and others of Channapatna, representing that if the construction of a new Masjid on a road used for Temple processions be permitted, much disturbance would ensue.

This petition was referred to the Deputy Commissioner for report and on its receipt, the construction of the Masjid was ordered to be stopped, pending final disposal of the question by the Government.

6. On the 25th Instant, I proceeded to Channapatna and inspected the locality. A sketch of the new Masjid is attached hereto for the purpose of easy reference.

7. The new Masjid measures 30x25 feet and its walls have come up to 12 feet high. A small portion of the wood-work of the roof has been fixed. The terracing has not been started as yet. The Temple processions after leaving the Temple C proceed

along

along the roads No. 1 and 2 and then along road No 3 where the new Masjid, under construction is situated and return to the Temple by road No. 4.

Seeing that the 4 streets indicated in the plan are particularly Hindu Quarter, the number of Hindu houses being 6 times more than mohomedan ones, it would have been better if the construction of the Masjid had been at once stopped at the very commencement for want of special permission of the District Officer as required in the late Chief Commissioner's circular No. 2528 dated 22nd ⁷² August 1871, which clearly lays down

"that no buildings intended to be used as places of worship by any class of the Community should be erected on any public street or thoroughfare in any town or village without the previous sanction of the District Officer in each case; and that the old order forbidding the use of music by religious processions when passing to a place of worship of another persuasion, will not be held applicable in the case of any building of the nature under advertence, that may be hereafter erected in a public street or thoroughfare without due sanction?"

8. But unfortunately the building has progressed to some extent, and the owner or rather Syed Mohideen who is erecting the Masjid for the benefit of his community must have already spent on it 4 or 5 hundred rupees. I would not therefore recommend its removal, but will impose upon him certain conditions, to which I would refer later on.

9. Under the terms of the late Chief Commissioner's ruling above adverted to, the Mohammedan Community cannot certainly claim the privilege of stoppage of music in front of the Masjid in question, the same having been constructed subsequent to the date of the said ruling. But in process of time, it is possible the age of the Masjid may be contested and disputes of violent character may consequently arise, leading not improbably to acts endangering public tranquillity. To prevent all such disputes in future among the two Communities, I would propose that Syed Mohideen be called upon to comply with the following conditions before he can be allowed to proceed with the execution of the remaining work of the building:—

Firstly— A tablet shewing the
year

This is not necessary

Year of construction should be fixed in a conspicuous part of the Masjid so that the exact date of its construction may not be contested on any future occasion.

This is essential

Secondly - Its main entrance should be shifted from road No. 3 to the lane connecting the main roads No. 1 and 3. The Masjid as now situated fortunately faces East, namely, towards the lane. There can therefore be no possible objection to the opening of the gateway also in the same direction. To be more clear, the opening ~~F~~ on the main road No. 3 where a gateway is now intended to be set up should be walled up and the main entrance opened either at G or H in the lane, as may be found convenient. If the latter place be preferred on the ground that it would be directly opposite to the Masjid, the Hindustani School B, a small tiled building within the Masjid enclosure may be removed to J.

10. If the main entrance be opened towards the lane as now proposed, the question of stoppage of music when Hindu processions move along the main road No. 3 will arise on any future occasion.

28th March 1853

G. Munro

7. the less, because the act was done in exercise of an ~~existing~~ existing right. It is therefore most undesirable that the D^r Officer Mr. ^{Since} Create ~~the right~~ ~~so obvious~~ a right so obvious in itself and inimical to the growth & maintenance of friendly feelings between ~~the~~ the various sections of the Community. The fact are sure that ~~no~~ ^{no} ~~the~~ ^{the} enlightened members of any Community ^(Muslims) ~~can~~ ^{can} feel any satisfaction in possessing ~~the right~~ ~~the~~ a right the exercise of which is necessarily attended with pain to the feelings of his neighbor.

Under such circumstances the Government have no hesitation in disapproval of the permission which has been given to the construction of the Masjid in question, but as unfortunately the building has already ^{considerably} advanced, the Government think it undesirable to direct its removal to a more eligible place. It will be sufficient for all interests ~~to be the fact~~ ~~for~~ if the gate be placed on the East so as opening into an existing side street instead of on the

on the S. as now proposed [&] opening into
the main Road. on which Temple &
the Hindu processions usually pass.
The Dy. Commr. ^{immediately} will ~~cause~~ the alteration
of gate as ^{above} ~~proposed~~. This alteration
~~it will be~~ will cause no inconvenience
whatever to any party and affords
the best solution of the ~~problem~~ conflicting
questions which have been ~~raised~~
raised. A plan showing ~~above~~
the alteration above ordered will be
~~sent~~ forwarded to the Dy. Commr.
by the Manageri Super.

Muzrai.

Read:—

Docket No. D 453
dated 21st November 189
from the
of the Bangalore
reporting upon the
from Venkatahar
other residents of the
protesting against
construction of a ^{new}
in the said town by
one Syed Mohideen
a Mussalman
at the place.

Read also:—

J

memorandum by the
Muzrai Superintendent
dated 28th March 1892
on the subject:—

About June 1892
one Syed Mohideen, a
musallaman merchant
of Channapatna began
to construct at his own
cost, a Masjid in close
proximity of a main
road in the fort of
Channapatna. But on
the representation of the
Parpattegar of Varadaraja
Swami Temple that the
road was one through
which the Temple processions
accompanied by music

are usually taken, the Deputy Amildar, is a notice on the 5th July 1892 to Syed Mohideen warning him not proceed with the work until a special therefor has been obtained from the Dy Commissioner. The work was accordingly stopped.

2. Upon this were petitions both the Hindus mohomedans to Deputy Commr. Subject who then all to the Sub-Division Officer, Cawnpur for disposal with observation that,

there was no objection to the construction of the mosque and that if it were a new one it could not have the privilege of stoppage of music before it. The Sub-Division Officer after instituting an enquiry, passed the following order on the 23rd Sept. 1892:—

"The Petitioner is building a new masjid in the fort.

The Dy. Amildar served on him a notice, ~~to stop~~ the work, as there would be a clash when Hindu processions pass by it.

The Govt order that the new masjids have no right to stop the playing

of music passing in
the street by the
has been only communic
to the Petitioner. Now he
says that he has no wish
that the playing of
should be stopped
the Masjid which he is
going to erect. The Dy
Commissioner's order on
the Petition dated 14
July has also been com-
municated to the P
He may build the Masjid
but he will not be entitled
to have music
Hindu processions stopped
before the Masjid."

3. The Sub-
Officer submitted a
further report on the subject
to the Deputy
on the 16th October 1892

which runs thus:—

(1) " This morning, I inspected the site at Channapattā fort, where a new Masjid is to be built. Foundations have been laid up for the building. It is situated in the main street where the car procession of the Temple takes place, and amidst houses belonging to ^{the} Hindus."

(2) " At the time of my inspection a few mohomedans, who were present on the site, said that there was an old Masjid on the site

and that they were entitled to the play music being stopped in front of the new masjid. This claim is altogether unfounded. The statement of S. M. Hossain who is the collector is annex for information. There had been an old Ashurkhana at the place and not a masjid. At no time music had been stopped while passing by the Ashurkhana.

(3) "The Govt. order that the playing of music will not be stopped in the new masjid in has been duly communicated to the Hindus as well as the Mohammedans, as

the Deputy Amildar reports,
by beat of tom tom and
by written notices, but
the Mohomedans appear
to have refused the written
notice. The refused notice
with the Amildar's report
is herewith submitted."

of. (4) "The erection of
the building is allowed
on the distinct understanding
that the Mohomedans
will not be entitled
to interfere in any way
with the Temple processions
passing by the new building.
The police will watch
their future conduct
and legal steps will be
taken if necessary."

4. The above order

was concurred in by
the Dy Commr Mr. Niss
Shirajp. Ali.

5. Meanwhile a
petition was received in
the Museum
of the Devans Office, from
the merchants and others
of Channapatna, representing
that, if the
of a new Masjid on a
road used for Temple
processions be permitted,
much disturbance would
ensue. This petition was
referred to the Dy Commr
for report and on its
receipt, the construction
of the Masjid was ordered
to be stopped, pending final
disposal of the question by
the Govt.

6. On the 25th instant

I proceeded to Channapatna
and inspected the locality.
A sketch of the new Masjid
is attached hereto for
the purpose of easy reference.

7. The new Masjid
measures 30 x 25 feet and
its walls have come up
to 12 feet high. A small
portion of the wood work
of the roof has been fixed.
The terracing has not been
started as yet. The Temple
processions after leaving
the Temple C proceed along
the roads No. 1 and 2 and
then along road No 3
where the new Masjid
under construction is

115
situated and return
to the Temple by road No 4.
Seeing that the 4 streets
indicated in the plan
are particularly Hindu
Quarters, the number
of Hindu houses being 6
times more than Mohammedan
ones, it would have been
better if the construction
of the Masjid had been
at once stopped at the
very commencement for
want of special permission
of the District Officer as
required in the late Chief
Commr's Circular No. $\frac{2528}{72}$
of 22nd August 1871, which
clearly lays down,

" that no buildings
intended to be used
as places of worship

by any class of the
Community, should be
erected on any public
street or thoroughfare
in any town or village
without the previous
sanction of the District
Officer in each case;
and that the old order
forbidding the use of music
by religious processions
when passing to a place
of worship of another
persuasion, will not be
held applicable in the
case of any building
of the nature under
advertisement, that may
hereafter be erected in
a public street or thorough-
fare without due sanction."

8. But unfortunately the building has progressed to some extent and the owner or rather Syd ellohideen who is erecting the masjid for the benefit of his community must have already spent on it 4 or 5 hundred rupees. I would not therefore recommend its removal, but will impose upon him certain conditions to which I would refer later on.

9. Under the terms of the late (M. Commis') above adverted to, the Mohomedan Community cannot certainly claim privilege of stoppage of music in front

Masjid in question, the same having been constructed subsequent to the date of the said ruling. But in process of time, it is possible the age of the Masjid may be contested and disputes of violent character may consequently arise, leading not improbably to acts endangering public tranquillity. To prevent all such disputes in future among the two communities, I would propose that Syed Mollahideen be called upon to comply with the following conditions

Stat.
2nd line left off on page 100.

before he can be
to proceed with ~~any~~
execution of the
work of the building.

* Firstly - A tablet
showing the year of
construction should be
fixed in a conspicuous
part of the Masjid so
that the exact date
of its construction may
not be contested on
any future occasion.

Secondly - ^{The} Its main
^{of the masjid.} entrance should be
shifted from Road N^o. 3
to the lane connecting the
main roads N^o. 1 and 2.
The masjid as now
situated fortunately
faces East, viz, towards

5

the lane. There can therefore be no possible objection to the opening of the gateway also in the same direction. To be more clear, the opening F on the main road no. 3 where a gateway is now intended to be set up should be walled up and the main entrance opened either at G or H in the lane, as may be found convenient. If the latter place be preferred on the ground that it would be directly opposite to the Masjid, the Hindustani School B, a small tiled building within the

Masjid enclosure may
be removed to J.

10. If the main
entrance be opened
towards the lane as now
proposed, the question
of stoppage of music when
Hindu processions move
along the main road No 3
will scarcely arise on
any future occasion.

No. 914
Muz. 7. 58. 92 3 6/6/93
Encl plan & file
V.P.

Order thereon No.

Dy Bangalore 6th June 93

After
of all the
connected with the con-
-struction of the Masjid
the Govt. are of opinion

that in according
sanction therefor the
District Officer did not
exercise a wise discretion.

By the orders of the late
Chief Commr. No. $\frac{2528}{72}$ of
22nd August 1871, the District
Officer has the power to give
sanction to the erection of
a place of worship on any
public street or thoroughfare
but it is his duty to exer-
-cise this power in such
a way that at no future
time could there arise
any occasion for dispute
and bad feeling between
the various sections of the
community. It is true
that the permission given
to build the Masjid in this case

is upon the express condition
that a procession of any
other religion may continue
to play music when passing
in front of it. This condition
may come to be forgotten and
its existence called in question
at some future time, and
there would then arise
disputes and consequent
unfriendly feelings between
the Hindu and Mohomedan
sections of the community.
Supposing that the prescribed
condition is never called
in question but is always
strictly enforced, the very
fact that the condition
exists and is enforced would
be a source of
irritation to the Mohomedan
section. In matters of

religion, people's feelings and sentiments are never guided by strict reason or any consideration of the rights and obligations involved. If a procession belonging to a person or persons of one religion plays music before a place of worship belonging to another religion, the act is regarded by everyone belonging to the latter religion as a wanton act of intentional disrespect to his religious feelings and his anger will not be the less, because the act was done in exercise of an existing right. It is therefore most

undesirable
District Officer
ever create a right so
obnoxious in itself and
inimical to the
and maintenance of
feelings between the various
sections. The Govt are
sure that no enlightened
member of any community
whatsoever can feel
any satisfaction in
possessing a right,
the exercise of which is
necessarily attended with
pain to the feelings of his
neighbours.

2 Under such
circumstances the Govt.
have no hesitation in
disapproving of the permission
which has been given to the

Construction of the
classical in question, but
as unfortunately the building
has already considerably
advanced, the Govt. think
it undesirable to direct
its removal to a more
eligible place. It will
be sufficient for all
interests if the gate be
placed on the East so as
to open into an existing
side street instead of
on the South as now
proposed to open into
the main road on which
Temple and other Hindu
processions usually pass.
The M. P. will
immediately cause the
alteration of gate as above.

This alteration will
cause no in
whatever to any p
and affords the
solution of the
questions which have
raised. A plan of
the alteration above
ordered will be forwarded
to the Dy Commissioner.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Muzarayi),—dated 6th June 1893.*

READ :—

Docket No. D. 453, dated 21st November 1892, from the Deputy Commissioner of the Bangalore District, reporting upon the petition from Venkatachar and other residents of Channapatna, protesting against the construction of a new Masjid in the said town by one Syed Mohidin, a Mussalman merchant of the place.

READ ALSO :—

all

The following memorandum by the Muzarayi Superintendent, dated 28th March 1893 on the subject :—

About June 1892, one Syed Mohidin, a Mussalman merchant of Channapatna, began to construct at his own cost, a Masjid in close proximity of a main road in the fort of Channapatna. But on the representation of the Parpattegar of the Varadarajaswami Temple that the road was one through which the Temple processions accompanied by music are usually taken, the Deputy Amildar issued a notice on the 5th July 1892 to Syed Mohidin warning him not to proceed with the work until a special permission therefor has been obtained from the Deputy Commissioner. The work was accordingly stopped.

2. Upon this, there were petitions both from the Hindus and the Muhammadans to the Deputy Commissioner on the subject, who referred them all to the Sub-Division Officer, Closepét, for disposal, with the observation that there was no objection to the construction of the Mosque and that, if it were a new one, it could not have the privilege of stoppage of music before it. The Sub-Division Officer, after instituting an enquiry, passed the following order on the 23rd September 1892 :—

“The Petitioner is building a new Masjid in the fort. The Deputy Amildar served on him a notice to stop the work, as there would be a clash when Hindu processions pass by it. The Government order that the new Masjid have no right to stop the playing of music passing in the street by the Masjid, has been duly communicated to the petitioner. Now he says that he has no wish that the playing of music should be stopped before the Masjid, which he is going to erect. The Deputy Commissioner's order on the petition, dated 14th July, has also been communicated to the petitioner. He may build the Masjid, but he will not be entitled to have music accompanying Hindu processions stopped before the Masjid.”

3. The Sub-Division Officer submitted a further report on the subject to the Deputy Commissioner on the 16th October 1892, which runs thus :—

- i. “This morning, I inspected the site at Channapatna fort, where a new Masjid is to be built. Foundations have been laid up for the building. It is situated in the main street where the car procession of the temple takes place, and amidst houses belonging to the Hindus.”
- ii. “At the time of my inspection, a few Muhammadans who were present on the site said that there was an old Masjid on the site and that they were entitled to the play of music being stopped in front of the new Masjid. This claim is altogether unfounded. The statement of Syed Mohidin who is erecting the Masjid is annexed for information. There had been an old Ashurkhana at the place and not a Masjid. At no time music had been stopped while passing by the Ashurkhana.”
- iii. “The Government order that the playing of music will not be stopped before the new Masjid in question has been duly communicated to the Hindus as well as the Muhammadans, as the Deputy Amildar reports by beat of Tom Tom and by written notices, but the Muhammadans appear to have refused the written notice. The refused notice with the Amildar's report is herewith submitted.”
- iv. “The erection of the building is allowed on the distinct understanding that the Muhammadans will not be entitled to interfere in any way with the temple processions passing by the new building. The Police will watch their future conduct and legal steps will be taken, if necessary.”

4. The above order was concurred in by the Deputy Commissioner, Mr. Mir Shujayet Ali.

5. Meanwhile a petition was received in the Muzarayi Department of the Dewan's Office, from the merchants and others of Channapatna, representing that, if the construction of a new Masjid on a road used for Temple processions be permitted, much disturbance would ensue. This petition was referred to the Deputy Commissioner for report, and the construction of the Masjid was ordered to be stopped, pending final disposal of the question by the Government.

6. On the 25th instant I proceeded to Channapatna and inspected the locality. A sketch of the new Masjid is attached hereto for easy reference.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Muzarayi),—dated 6th June 1893.*

7. The new Masjid measures 30 x 25 feet and its walls have come up to 12 feet high. A small portion of the wood work of the roof has been fixed. The terracing has not been started as yet. The Temple processions after leaving the Temple G proceed along the roads No. 1 and 2 and then along road No. 3 where the new Masjid under construction is situated and return to the Temple by road No. 4. Seeing that the 4 streets indicated in the plan are particularly Hindu quarters, the number of Hindu houses being 6 times more than Muhammadan ones, it would have been better if the construction of the Masjid had been at once stopped at the very commencement for want of special permission of the District Officer as required in the late Chief Commissioner's Circular No. 2528-72, dated 22nd August 1871, which clearly lays down,

“that no buildings intended to be used as places of worship by any class of the community, should be erected on any public street or thoroughfare in any town or village without the previous sanction of the District Officer in each case”; and that “the old order forbidding the use of music by religious processions when passing to a place of worship of another persuasion, will not be held applicable in the case of any building of the nature under advertence, that may be hereafter erected in a public street or thoroughfare without due sanction.”

8. But unfortunately the building has progressed to some extent and the owner or rather Syed Mohidin, who is erecting the Masjid for the benefit of his community, must have already spent on it 4 or 5 hundred rupees. I would not therefore recommend its removal, but will impose upon him certain conditions, to which I would refer later on.

9. Under the terms of the late Chief Commissioner's ruling above adverted to, the Muhammadan community cannot certainly claim the privilege of stoppage of music in front of the Masjid in question, the same having been constructed subsequent to the date of the said ruling. But in process of time, it is possible the age of the Masjid may be contested and disputes of violent character may consequently arise, leading not improbably to acts endangering public tranquillity. To prevent all such disputes in future among the two communities, I would propose that Syed Mohidin be called upon to comply with the following conditions before he can be allowed to proceed with the execution of the remaining work of the building :—

Firstly.—A tablet showing the year of construction should be fixed in a conspicuous part of the Masjid so that the exact date of its construction may not be contested on any future occasion.

Secondly.—Its main entrance should be shifted from road No. 3 to the lane connecting the main roads No. 1 and 3. The Masjid, as now situated, fortunately faces east, viz., towards the lane. There can therefore be no possible objection to the opening of the gateway also in the same direction. To be more clear, the opening *P* on the main road No. 3 where a gateway is now intended to be set up, should be walled up and the main entrance opened either at *G* or *H* in the lane as may be found convenient. If the latter place be preferred on the ground that it would be directly opposite to the Masjid, the Hindustani school *B* a small tiled building within the Masjid enclosure, may be removed to *J*.

10. If the main entrance be opened towards the lane as now proposed, the question of stoppage of music when Hindu processions move along the main road No. 3, will scarcely arise on any future occasion.

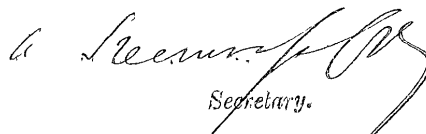

No. 914—Muz. F. 58-92, DATED, BANGALORE, 6TH JUNE 1893.

ORDER THEREON.—After consideration of all the circumstances connected with the construction of the Masjid, the Government are of opinion that, in according sanction therefor, the District Officer did not exercise a wise discretion. By the orders of the late Chief Commissioner's No. 2528-72, dated 22nd August 1871, the District Officer has the power to give sanction to the erection of a place of worship on any public street or thoroughfare, but it is his duty to exercise this power in such a way that at no future time could there arise any occasion for dispute and bad feeling between the various sections of the community. It is true that the permission given to build the Masjid in this case is upon the express condition that a procession of any other religion may continue to play music when passing in front of it. This condition may come to be forgotten and its existence called in question at some future time, and there would then arise disputes and consequent unfriendly feelings between the Hindu and Muhammadan sections of the community. Supposing that the prescribed condition is never called in question but is always strictly enforced, the very fact that the condition exists and is enforced would be a source of constant irritation to the Muhammadan section. In matters of religion, people's feelings and sentiments are never guided by strict reason or any consideration of the rights and obligations involved. If a procession

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Muzarayi),—dated 6th June 1893.*

belonging to a person or persons of one religion plays music before a place of worship belonging to another religion, the act is regarded by every one belonging to the latter religion as a wanton act of intentional disrespect to his religious feelings, and his anger will not be the less, because the act was done in exercise of an existing right. It is therefore most undesirable that the District Officer should ever create a right so obnoxious in itself and inimical to the growth and maintenance of friendly feelings between the various sections. The Government are sure that no enlightened member of any community whatsoever can feel any satisfaction in possessing a right, the exercise of which is necessarily attended with pain to the feelings of his neighbours.

2. Under such circumstances the Government have no hesitation in disapproving of the permission which has been given to the construction of the Masjid in question, but, as unfortunately the building has already considerably advanced, the Government think it undesirable to direct its removal to a more eligible place. It will be sufficient for all interests, if the gate be placed on the east so as to open into an existing side-street instead of on the south as now proposed to open into the main road on which, Temple and other Hindu processions usually pass. The Deputy Commissioner will immediately cause the alteration of gate as above. This alteration will cause no inconvenience whatever to any party and affords the best solution of the conflicting questions which have been raised. A plan showing the alteration above ordered will be forwarded to the Deputy Commissioner by the Muzarayi Superintendent.

From,

The Deputy Commissioner
Bangalore District

To,

The Secretary to the
Deewan of Mysore
Muzrai Department.

Sir,

I have the honour to acknowledge the receipt of the Proceedings of the Government No 914 Muzrai 758-92 dated 6th June 1893, regarding the new mosque at Chennapatna and to submit that orders to give effect to the directions therein contained, have issued.

2. Finding that the Proceedings have been communicated to

The ~~fact~~ I feel it is due to myself that I should very submissively beg the Government to reconsider the censure passed on me. The order says that I "did not use a wise discretion". My order thus condemned, the Muzrai Superintendent in para 2 of his memorandum, read in the above proceedings, describes as follows.

"Upon this, there were petitions both from the Hindus and the Muhamudans to the Deputy Commissioner, on the subject, who referred them all to the Sub Divisional Officer, Clossopett, for disposal with the observation that there was no objection to the construction of the mosque and that if it were a new one

it could not have the privilege of stoppage of music before it" The Sub Divisional officer disposed of the dispute on the above lines, and reported it to me and I concurred in the disposal.

3 Evidently the Muzrai Superintendent, and the Government are under the impression that I am the author of the above order and that owing to it, the construction of the mosque, which had been stopped by the Deputy Amildar, was proceeded with. If such were the case, it would be presumptuous on my part to try to justify my conduct after it had been judged by the Government. But the case

is not such a first order
on the subject is dated 14th
September 1892. On the 25th August
1892, I received the order of
the Government dated 23rd August
1892 on Petition No 272 from the
Hindu Inhabitants of Chenna
-pratna, objecting to the Con-
struction of the mosque, in question,
on the ground that it was
being constructed amidst Hindu
streets where Hindu processions
would usually pass. By this
order, the above petition was
"forwarded to the Deputy
Commissioner, Bangalore District,
with the remark that new
places of religious worship
will not acquire the privilege
of stoppage of processional music

in front of them under existing
rules. The builders should ac-
cordingly be warned of this
and the same also communicated
to the Petitioners or others interested.
The Government will thus be
pleased to see that what I
did was in compliance of the
orders I had received. As
regards the practical effect
of my order, I shall quote from
a letter from Mr. C. Raghavachari
the present Sub Divisional Officer
dated 14th June 1893. He says,
"I therefore searched the records
and ascertained the following
(1) " The foundation of the
mosque had been built by
5th July /92, when the Dy Builder
upon a representation made

by the Hindoos, chiefly the servants of Vanda raja Swami Temple, issued orders to the Sheikdar apparently on the Revenue side."

(2) "As may have been expected the work was never stopped. They made a show of remaining quiet for three or four days and went on as before."

(4) "Before this order, (the order of Government stopping construction pending final orders referred to in the Muzrai Superintendents' memo, para 5) was issued, the walls had been built and some beams for the roof put up. The building now remains in the same state."

Thus, my order produced no practical effects so far as the progress of work is concerned.

4. There is only one more point to which I respectfully request the indulgent attention of the Government. I had the order of the Government dated 23rd August 1892 above referred to and the Chief Commissioner Circular No 2528 dated 22nd 72 August 1891, which the Mysore Superintendent quotes in his Memorandum. The former indicated the attitude the Government expected me to assume towards the dispute and the latter prescribing the consequence arising from the construction of a place of worship without due sanction, simply withdraws the privilege of stoppage of music. In the

Madras Presidency the only
law under which a District
Magistrate can proceed in a
matter like the one under con-
sideration is the provisions in
the Criminal Procedure Code,
in regard to the preventive
powers of a Magistrate. In the
face of the orders of the Government, above
alluded to, which were passed
on a consideration of all that
~~the~~ Hindus urged, I did not
consider it advisable to go beyond
the Chief Commissioner's order.
It was very unfortunate for
me that the Muzrai Superintendent
was presumably unaware of
the order of the 23rd August 1892,
which was issued from the
Chief Secretary's Office and
which

72 which I enclose for reference

I have the honour,
Sir,

Your most obed^t. Servant.

Nikhyastali
dy Commissioner.

Sir

Adverting to your letter

13490 of 5th March 95—
L7 137.94

asking for an expression of
my views regarding the
Dy. Commr's proposals to
widen and straighten the lane
in front of the newly construct-
ed mosque in the Chennappa
Fort, I have the honor to
state that I see no objection
to the proposal being adopted
in case the Mohamaden Com-
to the removal

from the same No 21425-6 8/28/5/95
L-7137.

of the Hindustani School building which is now situated within the mosque compound. The widening and straightening of the lane as proposed by the Dy Commr will in no way affect the interests of the other communities, but on the other hand it will add to the appearance of the mosque.

2. I would however suggest that in carrying out this measure, the Dy Commr be particularly asked to see that a substantial wall is built on the Southern side of the mosque compound so as to separate the mosque from the main road, and that no entrance of any kind to the mosque is opened in that wall, the entrance gate being placed on the east so as to face the lane in question as laid down in para 2 of Govt Pro.

No 914 of 6 June 1893.
Mus 58-92

3. During my last inspection which was a few months ago, I found only a low mud wall separating the mosque from the main the South. The construction of this wall had been commenced sometime previous to my visit but subsequently ~~abandoned~~ abandoned in an in state. I have therefore thought it proper to bring matter to the Special notice of Govt.

I have signed

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Muzarayi),—dated 6th June 1893.*

READ —

Docket No. D 453, dated 21st November 1892, from the Deputy Commissioner of the Bangalore District reporting upon the petition from Venkataswami and other residents of Channapatna, protesting against the construction of a new Masjid in the said town by one Syed Mohidin, a Mussalman merchant of the place.

READ ALSO —

The following memorandum by the Muzarayi Superintendent, dated 28th March 1893, on the subject —

About June 1892, one Syed Mohidin, a Mussalman merchant of Channapatna, began to construct at his own cost, a Masjid in close proximity of a main road in the fort of Channapatna. But on the representation of the Parpattegar of the Varadarajaswami Temple that the road was one through which the Temple processions accompanied by music are usually taken, the Deputy Amildar issued a notice on the 5th July 1892, to Syed Mohidin warning him not to proceed with the work until a special permission therefor has been obtained from the Deputy Commissioner. The work was accordingly stopped.

2. Upon this, there were petitions both from the Hindus and the Muhammadans to the Deputy Commissioner on the subject, who referred them all to the Sub-Division Officer, Closepet, for disposal, with the observation that there was no objection to the construction of the Mosque and that, if it were a new one, it could not have the privilege of stoppage of music before it. The Sub-Division Officer, after instituting an enquiry, passed the following order on the 23rd September 1892 —

"The Petitioner is building a new Masjid in the fort. The Deputy Amildar served on him a notice to stop the work, as there would be a clash when Hindu processions pass by it. The Government order that the new Masjid have no right to stop the playing of music passing in the street by the Masjid, has been duly communicated to the petitioner. Now he says that he has no wish that the playing of music should be stopped before the Masjid, which he is going to erect. The Deputy Commissioner's order on the petition, dated 14th July, has also been communicated to the petitioner. He may build the Masjid, but he will not be entitled to have music accompanying Hindu processions stopped before the Masjid."

3. The Sub-Division Officer submitted a further report on the subject to the Deputy Commissioner on the 16th October 1892, which runs thus —

- i. "This morning, I inspected the site at Channapatna fort, where a new Masjid is to be built. Foundations have been laid up for the building. It is situated in the main street where the car procession of the temple takes place, and amidst houses belonging to the Hindus."
- ii. "At the time of my inspection, a few Muhammadans who were present on the site said that there was an old Masjid on the site and that they were entitled to the play of music being stopped in front of the new Masjid. This claim is altogether unfounded. The statement of Syed Mohidin who is erecting the Masjid is annexed for information. There had been an old Ashurkhana at the place and not a Masjid. At no time music had been stopped while passing by the Ashurkhana."
- iii. "The Government order that the playing of music will not be stopped before the new Masjid in question has been duly communicated to the Hindus as well as the Muhammadans, as the Deputy Amildar reports by beat of Tom Tom and by written notices, but the Muhammadans appear to have refused the written notice. The refused notice with the Amildar's report is herewith submitted."
- iv. "The erection of the building is allowed on the distinct understanding that the Muhammadans will not be entitled to interfere in any way with the temple processions passing by the new building. The Police will watch their future conduct and legal steps will be taken, if necessary."

4. The above order was concurred in by the Deputy Commissioner, Mr. Mir Shujayēt Ali.

5. Meanwhile a petition was received in the Muzarayi Department of the Dewan's Office, from the merchants and others of Channapatna, representing that, if the construction of a new Masjid on a road used for Temple processions be permitted, much disturbance would ensue. This petition was referred to the Deputy Commissioner for report, and the construction of the Masjid was ordered to be stopped, pending final disposal of the question by the Government.

6. On the 25th instant I proceeded to Channapatna and inspected the locality. A sketch of the new Masjid is attached hereto for easy reference.

Very respectfully

Tripore Chief Commissioner's circular n^o-
2528-72 of 22nd Aug 1871 received with
circular n^o-226 of 25th idem from the
Superintendent, Ashtagram Division.

To

The Superintendents,
Ash: Division

Sir,

A case having recently come to the
notice of the Chief Commissioner in which
a collision between the Hindus and
Mahomedans of a town was rendered
imminent owing to the obstruction caused
to a Hindu procession by the existence
of a newly erected mosque in a street
almost wholly inhabited by Hindus,
it appears to Colonel Meade that
unless some precautions are taken
to prevent rival sects from establishing
places of worship in localities where
their

their position will inevitably provoke ill feeling, if not actual disturbance, such occasions of conflict are but too likely to become more numerous.

2. The Chief Commissioner therefore desires that you will make it generally known that no buildings intended to be used as places of worship by any class of the community should be erected on any public street or thoroughfare in any town or village without the previous sanction of the District Officer in each case.

3 The order forbidding the use of music by religious processions when passing a place of worship of another persuasion will not be held applicable in the case of any building of the nature under advertence, that may be hereafter erected in a public street or thoroughfare without due sanction.

Sir,

Adverting to your circular no. 2518-94 dated 29th November 1905, I have the honor to forward herewith a copy of the late Chief Commissioner's circular no. 2528-72 dated 22nd August 1871 regarding the construction of buildings intended to be used as places of worship by any class of the community. -

I have the honor to be,

Controversy

A Deputy Commissioner
Mysore District

CPD
136.

May 1942 No. 2544/G.L. 12.

From Chief Commissioner

3rd June, 1942.

Circular No. 2 of 1942.

To

The Superintendent,

Division.

Sir,

A case having recently come to the notice of the Chief Commissioner in which a collision between the Hindus and Mahomedans of a Town was rendered imminent, owing to the obstruction caused to a Hindu procession by the existence of a well erected Masjid in a street almost wholly inhabited by Hindus, it appears to Col Heade that unless some precautions are taken to prevent rival sects from establishing places of worship in localities where their position will inevitably provoke ill feeling; if not actual disturbance, such occasions of conflict are but too likely to become more numerous.

1. The Chief Commissioner therefore desires that you will make it generally known, that no buildings intended to be used as places of worship by any class of the community should be erected on any public street or thoroughfare, in any town or village without the previous sanction of the District Officer, in each case.

2. The Chief Commissioner therefore desires that you will make it generally known, that no buildings intended to be used as places of worship by any class of the community should be erected on any public street or thoroughfare, in any town or village without the previous sanction of the District Officer, in each case.

3. The order forbidding the use of music by religious processions when passing a place of worship of another persuasion, will not hold applicable in the case of any building of the nature under consideration, that may be hereafter erected in a public street or thoroughfare without the sanction.

I have the
